

Feather flag banners are the perfect outdoor and indoor signage solution for drawing attention to your business, product, or promotion. The flag is made from 110D wrap knitting polyester material, which is weather resistant and extremely durable, making it perfect for using outdoors. The pole set is made from a combination of lightweight aluminum and fiberglass poles for durability. Using the ground stake, the flag can be placed in grass or soil. We also offer additional base options that will allow for the flag to be displayed on hard surfaces and indoors as well. We can customize the design templates for any size as your request.
